MY MISSION

My mission is to help people become their best self. Through my yoga, meditation and breath-work practices, I help people unblock and release old patterns, enabling them to find their true-self, and realize their peace and love from within.

It is through this practice that my work helps people live in the present, embrace change, and be more grateful and open to the magic of life.

Services

INSTAGRAM POST

Professional picture with tags, mention and link including 3 stories with direct link.

REEL / CAROUSEL / 20-30" VIDEO

Video and Carousel using top-trending songs to help reach more people — additionally posted on Instagram Stories. Recorded in HD with a professional filmmaker.

CONTENT CREATION & EVENTS

Organize events as teacher or partner with others as a guest. Become a brand ambassador by creating and curating content for brand partners.
